Children Lead WASH Revolution, Agra, Uttar Pradesh

"A rally for healthier tomorrow"

Over 200 students and volunteers turned Children's Day into a call for action, marching through Nagla Chhaua in Agra to promote sanitation and hygiene under GLRA India's WASH project. Armed with placards and energy, the rally underscored the importance of sanitation for building resilient communities.

International Day for Persons with Disabilities 2024

December 3rd marks International Day for Persons with Disabilities, a UN initiative to promote the rights and the well-being of persons with disabilities and a reminder of our collective responsibility to create a world where everyone, regardless of ability, is empowered to grow. Promoting disability inclusion is a priority in attaining human rights, not only about physical accessibility but fostering an environment where diverse abilities are valued. Disability is both a cause and consequence of poverty, and by promoting disability inclusion, that meets needs and demands of Persons with Disabilities and their families in line with the SDGs 'leaving no one behind'.

Artemis Hospitals Join Hands to Fight TB in Gurugram, Haryana

"Innovative solutions for early TB detection and community care."

GLRA India collaboration with the Artemis Hospitals and technical support by The Union, introduced Hand-Held Chest X-ray for TB screening in urban slums provided by the District TB Office, Gurugram. This groundbreaking effort focuses on early detection, nutritional aid, and task force-led interventions, revolutionizing TB care for vulnerable populations.

Nutritional Aid: A Lifeline for TB affected in Gurugram, Haryana

"Strengthening recovery through compassionate Nutritional care."

In five villages, including Manesar and Aliyar Dhana, by joining hands with Artemis Hospital, GLRA India provided nutritional support to TB patients, ensuring faster recovery and brings hope to those fighting the disease.

World Sight Day 2024: Vision Camps Transform Lives

"Protecting vision, securing futures."

On October 10th, GLRA RF at Apollo Tyre Foundation healthcare centers hosted free vision camps for truckers and local communities including eye testing, spectacle distribution beside organizing Social Behavioral Communication outreach events with health games to promote awareness about regular eye check-ups. By targeting high-risk groups, GLRA India emphasized the importance of proactive eye care.

Skin and Disability Camp Brings Hope to Talasari, Palghar Maharashtra

"Healing hands making a difference."

Dayanand Hospital, Talasari, Maharashtra, conducted skin and disability camp for promoting early diagnosis of leprosy and management of disability. With 42 attendees, the camp diagnosed three new leprosy cases. The camp was part of GLRA India's Niramaya III project exemplifies our dedication for comprehensive care to marginalized communities.

Safeguarding Training Empowers Agra Communities

"Building safer spaces for everyone."

On October 19, 2024, GLRA India conducted safeguarding training under its project Resilient and Healthy communities in Agra. The session attended by 40 participants, including volunteers and youths on safeguarding, PSEA, and reporting abuse. The importance of non-violent communication was a key focus, fostering safer and more resilient communities.

Truckers at the Forefront of TB Awareness, Bhiwandi, Chennai, Gurugram, and Lucknow,

"Targeting health outcomes where they're needed most."

GLRA India's intervention "Nai DISHA" Project supported DB Schenker India, focuses on truckers and allied populations at key transshipment hubs. By raising awareness and educating individuals on TB prevention and treatment adherence, the project is transforming workplace health and creating safer communities.
